

Zeomineral Xan-One

Body spray for sensitive skin Natural cosmetics

Water-based body spray with astaxanthin. In addition to the content of aloe vera extract, it contains the anti-inflammatory and skin-nourishing properties of 8 other herbs.

Recommended for the treatment of mucous membranes and superficial skin defects.

Ingredients:

Aloe Vera Extract: Accelerates wound healing, reduces inflammation. It is the most common active ingredient in preparations for eczema, sunburn, and psoriasis.

Marshmallow (Althaea officinalis) Extract: Folk medicine uses the leaf as a compress for dermatitis and the fresh, shredded leaf against insect bites. Coating and mucosal soothing effect.

Calamus Root Extract: It is mentioned in the Bible as an ingredient of sacred oil. It is a skin regenerating herb that has been known and used for centuries.
